Professional Summary

Creative Frontend Engineer with a passion for designing slick, glassmorphic interfaces and responsive web layouts. Specialized in React, Tailwind CSS, and UX optimization.

Technical Skills

React, Vite, Tailwind CSS, JavaScript, HTML5, CSS3, Figma, Git

Professional Experience

Lead Frontend Developer - PixelPerfect (2023 - Present)

Built highly polished, interactive SaaS web apps using React, Vite, and Tailwind CSS. Implemented complex responsive UI state machines and collaborated with product teams to design premium themes.

UX Developer - CreativeWeb (2021 - 2023)

Created web assets, custom components, and responsive pages. Highly skilled in semantic HTML and Vanilla CSS transitions.
