Professional Summary

Enthusiastic and results-driven Full Stack Developer with 4 years of experience specializing in building production-ready SaaS platforms. Expert in Python, FastAPI, React, and database design.

Technical Skills

Python, FastAPI, React, SQLAlchemy, Tailwind CSS, SQLite, Docker, Git

Professional Experience

Senior Software Engineer - TechCorp (2024 - Present)

Designed and implemented high-throughput web APIs using FastAPI and SQLAlchemy. Led the refactoring of the user login flow using JWT authentication. Engineered frontend portals in React and reduced page load speed by 35% using Tailwind CSS.

Software Developer - AppLabs (2022 - 2024)

Developed responsive dashboards with React and Redux. Integrated sqlite3 databases for local testing environments and deployed docker containers for backend microservices.
